DCM Report

Brian reported that he attended the 4 Area DCM Sharing Session. This was in Hawaiian Gardens, and included DCMs from Areas 5,8,9 and 93. There were roundtables with various topics emphasizing the Traditions and the Concepts. Brian also attended the Area Committee Meeting. The emphasis this month was on the pre-conference workshops. Brian reminded us all that the information from the workshop should be taken to the groups with information on the specific topics gathered to be reported on at the April 11 Area Assembly in Encinitas.

Old Business

- Dr.'s Opinion Pamphlet – Were available for distribution. Strategies for distribution were to take these to our primary care physicians and our specialists, take them to meetings and give to others to take to their primary care physicians, perhaps give to a contact at the courts – use for lawyers as well.
- Visiting unrepresented meetings – Brian went over the list to try to clean it up and remove old or inactive meetings.

New Business

- Strategies for presenting the pre-conference workshop items to meetings – these were discussed. Donna's written presentation is detailed and informative.
- District Guidelines and Policy review was suggested as an item for future discussion
