

March 2018 Chairperson's Report

Since our last ACM, life has been in full effect. I had to come to terms with a few things. I picked up some clarity at PRAASA. My character defects have been ragging since I have started the position as chair. If I have hurt anyone or been short with you, please forgive me. I have been under a lot of stress because I don't want to let you down. I want to make sure that I am making the best decision but I am noticing that my defects are sometimes clouding my judgment and actions.

How do I follow through with action? I talk to my sponsor and work the steps. I get to take an opportunity to look at me. By works the steps, this brings about the change and growth. When I change and grow, I get to open my mind and accept spiritual tools. This will be a on going project that I will get to work on.

Last month, I mention that the church has decided not to renew our agreement. We have been looking for places to meet. We will discuss this later tonight in length.

The website needs some changes and deletions. I have asked Sutton to work with IT committee and work on going through everything. I will ask each of you to go to the website and let us know if we need to make any changes. This process will take some time. Please be patient with us.

Since the last we meet, we held our DCM/Standing Committee Workshop. It was a great time. If you didn't make it, please make an effort to attend the next one. This is how we remain teachable with doing our jobs.

I also attend the Meeting Fundamentals Workshop in Mira Mesa. It was a small workshop but very informative. Great job Ronnie and district 13.

I attend PRAASA in Reno NV. PRAASA was attended by over 1600 people. I got to see some friends that I hadn't seen in a while. I also got a chance to meet some new friends. You will here some PRAASA reports later.
