

Service Sponsorship

Did you know that members with general service experience sponsor others new to service?

Similar to our sobriety sponsors, the guidance and shared experience a service sponsor provides is invaluable.

In addition to learning about the A.A. service structure and how it all works, a service sponsor can help you understand the A.A. Service Manual, take you through the Twelve Concepts and help you along the way as you trudge your way through the challenges that (rest assure) will come. They are sure to help you rise to a higher understanding and effectiveness as a member of Alcoholics Anonymous.
