6:15pm - Done with reports! On to Bryan H.: Shares a bit of personal story,, his experience with what it was like finding meetings... 90 in 90 is tough because of limited access.... became part of the Accessibility Committee... learned about the ASL coordinator position ... there are a wide range of interpreters... not all are qualified or "certified" ... this highlights the importance of the role of coordinator... much growth.... diligent effort has been expended ... full access to meetings is crucial in developing the spiritual tools that this Program has to offer... I hope this position is picked up by someone who is equally as passionate!

Q&A session and discussion ensues.

... THANK YOU BRYAN!

"BRIEF" DCM Report ...

David, Rose, Rick: THoughts and impressions of PRASAA... Discussion ensues

DAVID FROM SPIRITUAL AWAKENINGS PRESENTS TRADITION 4:

- each group is autonomous... no outside affiliation...

A wonderful and thoughtful share. Unity is felt, and fellowship is strengthened.

7:27p - TO PRAYERS BE PRAYED... until we meet again, all of the love to all of you!
