Reaching senior citizens

-long term care community difficult to reach out to

-getting to and from meetings difficult

-access to technologies to go to zoom meetings

-technology workshops could be beneficial

Young people in recovery

-zoom improves attendance

- increase young people influence and participation

-increase young peoples participation in district and area service commitments

Trans community

-message from general society carried into a feeling judged

-suggestion to educate on outside messages that can conflict with the AA message

Spanish community

- feels disconnected

- tech deficiencies

- in person representation is important

-feels that district versus area is divided outside of service

- officers are willing but don't feel supported by area

- technology is not utilized much but willing to try. Asking for outreach from area 8 and other district members to join Spanish community meetings

- suggestion increase cohesive iti by being there in person

- suggestion increase zoom resources? Devices to use or have mixed meetings? Next

-suggestion service commitments that relates specifically to resources too technology and or translation

Service area 8

- some members unaware of importance of support to translation for linguistic needs

ASL

-funding for interpreters at meetings

-zoom increases attendance

-keep an improve access to translation and meetings favorable to ASL members

- create a meeting directory specifically for a a meetings that are ASL or have ASL translation available

-suggestion interpret business meetings

-suggestion increase service work opportunities for deaf/hoh members

Native Americans

-no contact outside EA programs or groups severely disadvantaged

-Suggestion requesting outreach from both English and Spanish groups on reservations

Grapevine

-looking for ways to connect both Spanish and English groups

Parents

- child care offered at some meetings but not reaching needed groups

- single men parents don't typically have child care at meetings they go to

-young parents typically don't have child care offered at the meetings that they go to

- suggestion offer child care services/continue zoom for parents who can't do in person meetings

Financial resources

- suggestion share financial resources throughout the district

- suggestion cot childcare added to budget

- suggestion add ASL translation to the budget instead of a separate expense

Atheist and agnostic

-suggestion improve support and representation

- suggestion change opening and closing statements to not include religious tones like God

-less higher power pressure within groups

Technology committee

-suggestion work with linguistic community to provide Spanish resources throughout technology

Institutions

-reaching patients, wards: ways to get that message out

Unity

- suggestion improve the topic share of how to do outreach

- suggestion how to support each other in recovery and service as a topic discussed at meetings

- suggestion increase mixed community meetings
