

## November ACM Delegate Report

The assembly on last Saturday was amazing. Thank you to everyone who showed up or attended online. I enjoyed being of service such a great area. Having discussions with GSRs and other members that will benefit our area and our fellowship.

I wanted to remind everyone to use caution with the discussion of topics and voting. Just because you understand everything, there may be someone else who doesn't. By calling the question too soon, doesn't allow all points to be mentioned. Also, making sure that we are following protocol as its written. This means when calling the question, it needs to be made with no other comment or statement.

DCMs and Committee Chairs, we are doing a fun challenge within our area. I have attached the guidelines for submitting conference themes, workshop topics and presentations. The deadline is next month. I would like to have some information to input into the conversation on behalf of the area.

I received the final GS Conference Reports in English and Spanish on Monday. I am willing to meet up with anyone who would like one anywhere in the county. Send me a text or email and I will send or meet up with you or any of your members that are interested.

I got to meet some of the Panel 73 Delegates on Tuesday night. A zoom was organized with panel 71, 72 and 73 Delegates from US and Canada. We had a two-hour session that was phenomenal. We discuss things that we learned from the conference, something things to expect, how to dress, and a fair well to the 71s. Very helpful.

There are several workshops and other events that will be happening throughout the end of the year. Be sure and make announcements at your meetings. Let's participate together and spread love and joy throughout the season.

As the year comes to an end, I would like to remind each and every one to be safe! Look out for one another and call each other.

Monty Cavalier
