

June Delegate's Report

Hello Family,

After the report back assembly, I have stated to visit some groups and districts. This has put me face to face with some of the members of your groups and other people of the program. This has really enriched my life and continues to fill the void inside me. I am very happy that I am able to visit and share in the love of AA.

If you have not booked me yet and would like for me to visit your district or group, please let me know. I am travelling for work, but I will do my best to get to every group. I will throw this reminder out again, if any groups or districts would like to get together and do a weekend or evening event, I am up for it.

You will soon start seeing actions from the GS conference coming out soon. I briefly mentioned that the conference will be taking an inventory of itself. I am pleased to let you know that the process has started. More to follow.

The conference has some ACM (Appointed Committee Member) positions available. If you or someone in your group would like to become an ACM, let me know and I will send you what I have.

Even though it might feel like we are out for the summer, service work continues. That also means looking toward our future. We will have elections coming up in September. Please think about how you can serve the area. Lot of you complain about this happening or something not going the way you plan, here is your chance to change that! Lol Getting involved has helped me tremendously and I am sure it will do the same for you. You will not break AA. Please don't think that I am not qualified. Some of the positions are best served with qualifications but not all. Having a willingness to learn and achieve new skills is the name of the game. I would encourage each of you to look inside and consider standing.

I did not make it to founders day. I was on a business trip. I saw some of the pictures and looked like it was a fun time. I missed the Grapevine Writer's Workshop. I am sure that was a hit also.

There are several other workshops on the calendar for our area. I would encourage your members to review the calendar and attend what you can. Supporting each other is a spiritual tool that is unmatched like any other.

Thank you for all that you do for our area. Please pass along my information to your groups.

Thank you for allowing me to be of service
