ROOTS

"The experience gained in the Archives project has widened and deepened our original faith that one of the best ways to assure the future of the AA Fellowship is to nurture its past.

Our primary purpose remains, of course, to carry the message to the still suffering alcoholic. We can never become merely custodians of A.A. history. We can, however, within the context of the whole range of A.A. services, renew our own sense of purpose by collecting and preserving the rich and meaningful heritage of our past."

G.S.O. Archives

By the way, Do YOU remember those great Wednesday Night Meetings at this very same location?

ROOTS
