## Frequently Asked Questions

### Why does it matter if I don't provide the correct group name or number?

If the group cannot be identified, the contribution will not be credited to your group, they will be grouped with individual contributions. The group's contributions will not be posted on the Area's contributions list.

### Why are there two GSO group numbers? How do I know which is correct?

The new "Netsuite number" is 9 digits long starting with "000." It was introduced in 2019 when GSO upgraded its database. The older 6 digits GSO number is still active, but eventually will no longer be maintained.

### How do I register or update our group information?

Go to: <https://area8aa.org/area-information/registrar>

### What if I need help registering my group with GSO and Area 08?

Email the Area Registrar at: [registrar@area8aa.org](mailto:registrar@area8aa.org)

### How can I help the next group treasurer submit the 7<sup>th</sup> tradition correctly?

Share this information with them. Document the correct group name, GSO number and the San Diego Central Office Number (if that is your Intergroup) in your meeting binder or records. You can also keep the information on this form so it is handy when you are sending your group's contributions.

Group Name	GSO Number	SD Central Office Number (if applicable)
